General Notes 122

Robust, Customizable Performance Reporting

Leverage powerful technology that offers you a wide range of reporting capabilities. Access reports of your book of business as well as performance reports for all accounts and clients.

With Vantage, you effectively can track and manage clients' financial success. Vantage follows industry guidelines for performance calculations for each underlying account and measures the **Time-weighted Rate of Return (TWRR)**—the industry standard for client performance presentation. Given that performance may be calculated as needed with the most current data available, you can provide your clients with greater transparency regarding their assets' performance. This can be extremely comforting in times of market volatility.

Customization	Benchmark Flexibility	Client Servicing
Generate branded reports based on each client's needs and goals to add value to your one-on-one meetings.	Create and assign your own benchmark blends or develop derived benchmarks under advisor directed programs.	Offer secure online account access to your clients and their other trusted advisors to enhance relationships.

Mailing Label

Note: The mailing label is the postal address to which the QPR is delivered.

1. QPR mailing label

Include or exclude the Mailing Label page in QPRs. Users can also manage the positioning of the address (landscape or portrait) on this page. Specify the mailing label and the page orientation separated by semicolon. Mailing label is specified as Mail Label (x,y) positions (in inches) and the page orientation is specified as Orientation (Landscape) or Orientation (Portrait).

Controlled by: SRT; QPR Mailing Label

Default: Mail Label (0,5.5); Orientation (landscape)

Default: Not enabled

2. Client mailing/address label

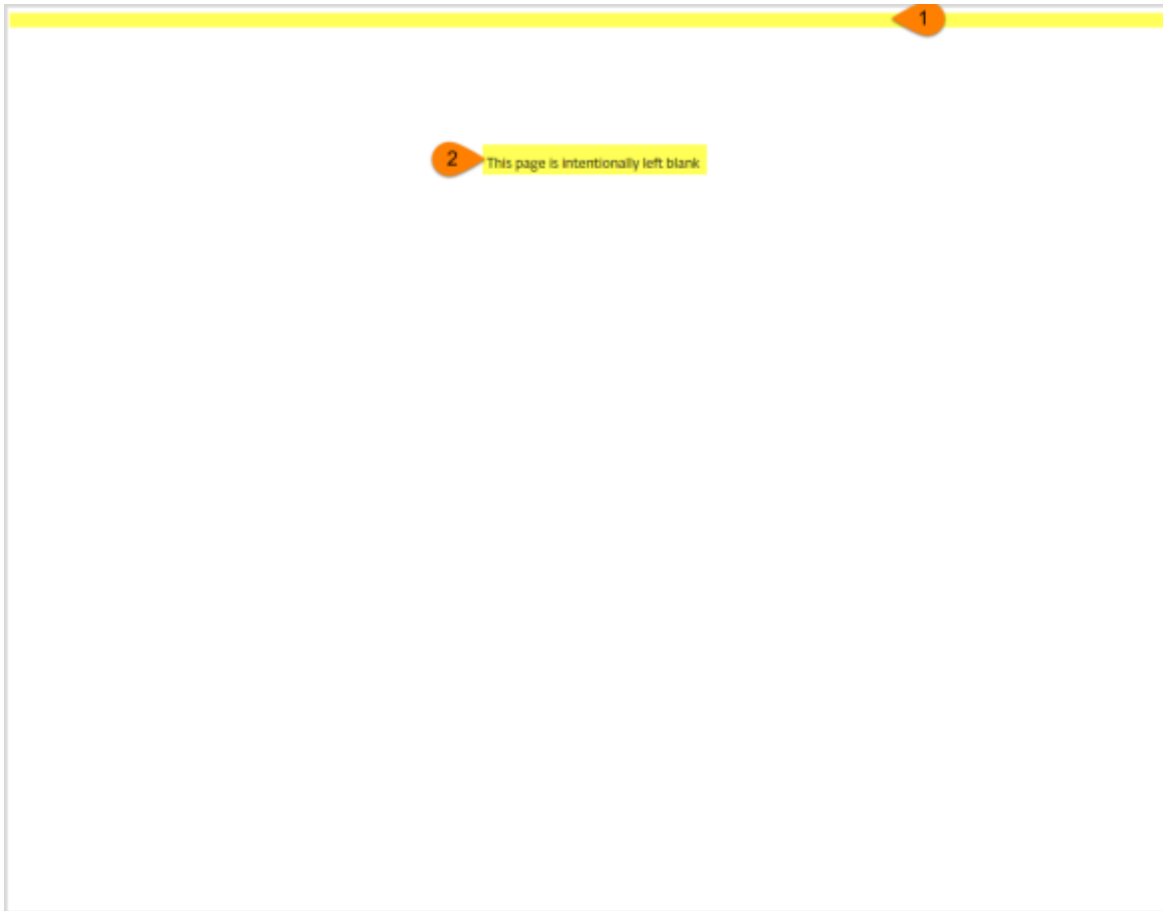

Override the investor's mailing address for the QPR. Use the option to use a client group member to format the mailing address (rather than use the address from the custodian downloads on the client accounts).

Controlled by: BV; Allow QPR Address Override

Configuration: ENV team

Default: No

Blank Page to Support Two Sided Printing

1. Top margin

Set the top margin (in inches) for printed QPRs. Use a decimal value (example: 0.584)

Note: Setting a large value might disturb the format of the QPR in some cases. One example is where the firm has to provide a barcode for the print vendors.

Controlled by: BV; *QPR Top Margin*

Configuration: ENV team

Default: 0.125

2. Blank page to support two-side printing

Specify whether the QPR needs to support two-side printing. This ensures that QPRs are set for two-side printing, have an even number of pages. If the QPR has odd number of pages, platform adds an additional blank page at end of the PDF. It also adds a blank page after the mailing label to ensure that the actual QPR starts on a fresh page. This option is typically only used when a professional printing service is printing and mailing the QPRs.

Controlled by: BV; *Allow QPR Address*

Override

Configuration: ENV team

Default: No

Cover Page

The screenshot shows a form for a Quarterly Report (QPR) cover page. It includes a logo area (1), report title and date (2), account number (3), a 'Prepared for' section with address (4), an 'Advisor' section with name and platform (5, 6, 7), and an advisor contact override option (8). A footer note (9) is at the bottom.

1 QPR COVER PAGE

2 Quarterly Report - C
January 1-March 31, 2016

3 Account Number *****7618

Prepared for

4 For QPR
77 Demo Drive
Chicago, IL 12345

Advisor

5 Advisor Name: Can be overridden

6 QPR_Demo

7 QPR Platform Name

8 Advisor Contact Override
If not opted, the Advisor contact will be displayed

3. Show account number in cover page

Show account number in New QPR cover page

Controlled by: BV; *Show Account Number in Cover Page*

Configuration: ENV team

Level: Branch

Default: No

Note: Only one account number is displayed. The Account with earliest inception date is shown in this field.

4. Client title and mailing address

- Control the Title and Mailing Label displayed on the QPR cover page

Controlled by: RT Settings; *QPR Cover Page Client Info*

Configuration: Sponsors, advisors, and ENV team

Options available:

- Client / Family name only
 - Mailing label only
 - Both mailing label and Client / Family name
- Default: Both mailing label and Client / Family name
- The "Show Client Title in Mailing Label" checkbox on the client details page controls the title displayed in the client-level reports.
 - The "Use Group Name as Group Title" checkbox on the Properties tab of the Investment Group and Reporting Group controls the title displayed in the group-level reports.

5. QPR Advisor NameOverride

Show or override the advisor name.

Controlled by: RT Settings

Configuration: Sponsors, advisors, and ENV team

Default: Primary Advisor Name

Available options:

To override, enter a different name (or combination of names). To remove advisor name, enter the word "none" (without quotes).

The screenshot shows a form for a Quarterly Report (QPR) cover page. It includes a header section, a logo, and several sections for client information and advisor details. Numbered callouts (1-9) point to specific elements:

- 1: QPR COVER PAGE logo
- 2: Quarterly Report - C, January 1-March 31, 2016
- 3: Account Number *****7618
- 4: For QPR, 77 Demo Drive, Chicago, IL 12345
- 5: Advisor Name: Can be overridden
- 6: QPR_Demo
- 7: QPR Platform Name
- 8: Advisor Contact Override, If not opted, the Advisor contact will be displayed
- 9: Footer text: custom_backcover_new_qpr_cover: Adding information (for text or html) in this entitlement will produce text that will appear on the bottom of the cover page of the New Quarterly Performance Report PDF. All language must be approved by legal/compliance. No Character Limit

6. Business Name

Business name that appears on the coversheet.

Controlled by: BV; *Cover Page Business Name Display*

Configuration: Sponsors, ENV team

Level: Branch

Default: Firm

Options Available:

- Branch
- Enterprise
- Firm

7. Show Platform Name

Opt to show or Hide the platform name. For some RIA firms within a large enterprise, the platform name is reflective of the enterprise platform and should not be shown to the RIA firm/branch clients.

Controlled by: BV; *Show Platform Name*

Configuration: Sponsors, ENV team

Level: Branch

Default: Firm

Note: The platform name is configured through a BV.

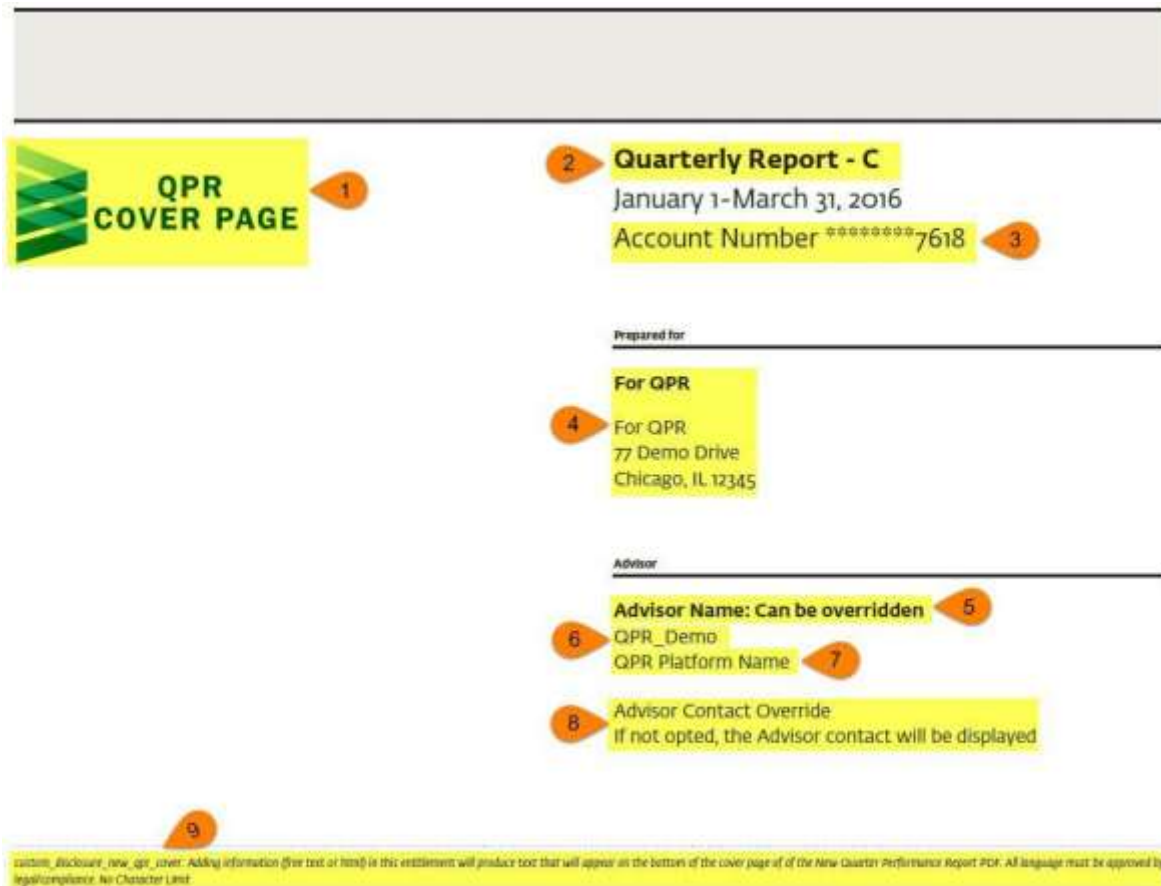

Platform Name

Controlled by: BV; *Platform Name*

Configuration: ENV team

Level: Branch

Default: Managed Accounts

8. QPR Show Advisor Contact

About Your Investment Advisor Representative

Advisor Name: Can be overridden 1

2

ENVESTNET - Transforming Wealth Management

Envestnet's mission is to transform wealth management for the benefit of investors and the advisors who serve them.

We founded Envestnet to level the playing field for independent advisors, giving you the same access, tools, and support - research, analytics, advice, and products - that previously were available only to the institutional community. We help you conquer the complexity of wealth management with our complete, integrated platform.

Envestnet empowers financial advisors to deliver excellence in wealth management - to improve client outcomes and to run your business more effectively.

Table of Contents Footnotes

¹ These reports are not to be construed as an offer or the solicitation of an offer to buy or sell securities mentioned herein. Information contained in these reports is based on sources and data believed reliable. The information used to construct these reports was received via a variety of sources. These reports are for informational purposes only. These reports do not take the place of any brokerage statements, any fund company statements, or the 1099 tax forms. You are urged to compare this report with the statement you receive from your custodian covering the same period. Differences in positions may occur due to reporting dates used and whether certain assets are not maintained by your custodian. There may also be differences in the investment values shown due to the use of differing valuation sources and methods.

custom_disclosure_new_qpr_footer: Disclosure text or html that appears at the bottom of each page of the New Quarter Performance Report PDF. All language must be approved by legal/compliance. System limits the display of disclosures up to two lines and text entered beyond the limit would be truncated while printing.

1. TOC Disclosure

Disclosure text or html that appears on the bottom of TOC. All language must be approved by legal/compliance

Controlled by: BV; *Custom Disclosure New QPR TOC*

Configuration: ENV team

Level: Branch

2. Display footnotes at the end of each report

Choose to display the footnotes at the end of each report or towards the end of the QPR. The setting would impact all the selected reports in a statement.

Controlled by: RT Settings

Configuration: Sponsors, advisors, and ENV team

Default: No

3. Display non-performance account's total

Show the total value of Non-performance account's value in the report.

Note: The total value of the accounts listed were not equal to the total value at the rollup level.

Additional Documents

1. Include Additional Report Document

Choose to show Additional Report Document at the end of the QPR.

Controlled by: RT Settings *Enable Additional Document Upload*

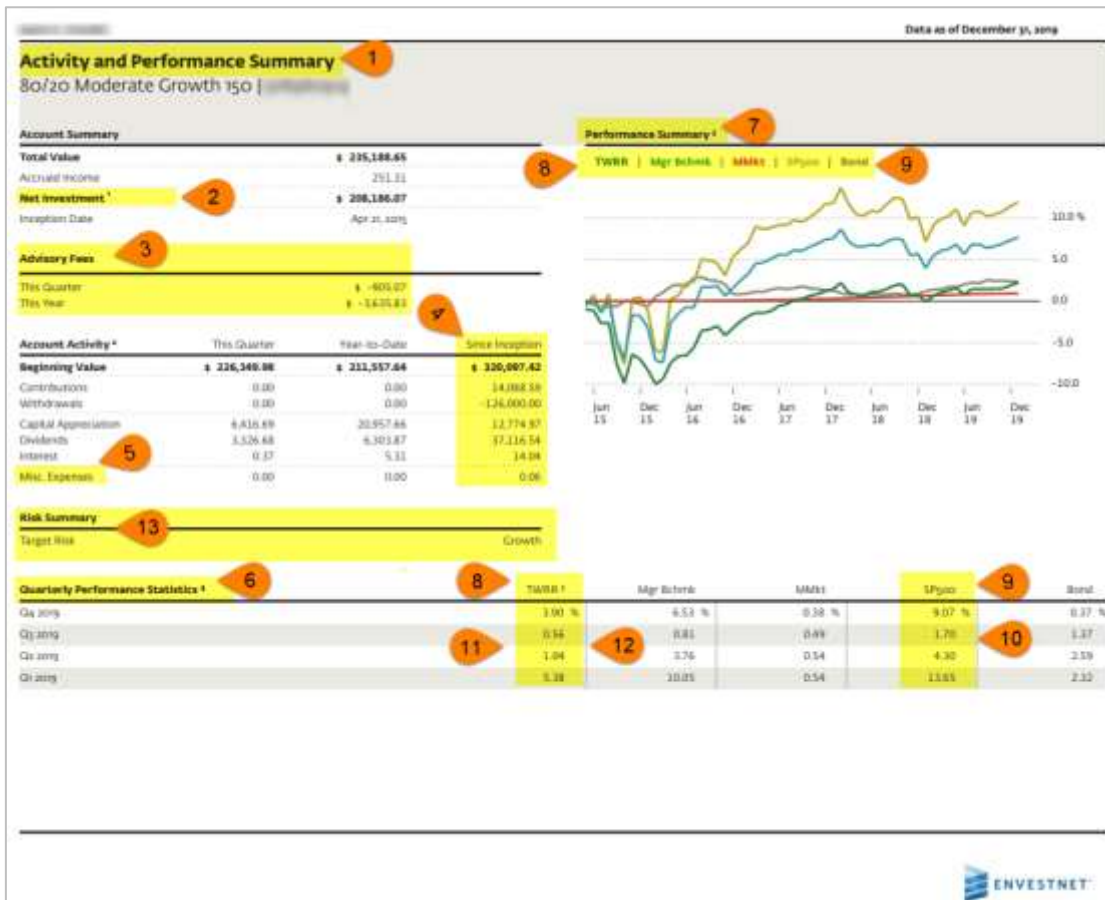

Configuration: Sponsors, advisors, and ENV team

Available options:

- All Accounts - Client Group Level
- Group Level – Investment, Management or Reporting Group level
- Account level

Default: None

Activity and Performance Summary

Notes on point 3:

- if the "Since Inception" (4) is not selected and the Advisory fees selection is "Show QTD and YTD fees only" fee section will reflect next to 12B-1 Rebate as one more line item.
- If the "Since Inception" (4) is selected and the Advisory fees selection is "Show advisory fees for all periods" fee section will reflect next to 12B-1 Rebate as one more line item.
- If the "Since Inception" (4) is selected, the Advisory fees selection is "Show QTD and YTD fees only" or "Show QTD fees only", fee section will reflect below Client Group Summary (as shown in screenshot)

1. Include Activity and Performance Summary

Choose to show the Activity and Performance Summary report

Controlled by: SRT

Configuration: Sponsors, advisors, and ENV team

Choose to show NOF performance in the reports.

Controlled by: RT Settings; *Nof Perf in Reports*

Configuration: Sponsors, advisors, and ENV team

Available options:

- Gross of all fees
- Net of all fees

Default: Net of all fees

Note: When the *TWRR Custom Disclosure* is set, then the disclosure based on *Nof Perf in Reports* is not displayed.

13. Show Risk Summary

Choose to show the target risk.

Controlled by: BV; *Show Target Risk In Reports*

Configuration: ENV team

Level: Advisor

Default: Yes

Activity and Performance Summary cont...

Activity and Performance Summary
All Accounts

Data as of December 31, 2019

Period: Performance Statistics *	TWRR (%)	Blind	Subst	SPY (%)	Total
Year-to-Date	10.11 %	19.69 %	1.97 %	11.49 %	6.80 %
Trailing 1 Year Dec 31, 2018 - Dec 31, 2019	10.11	13.63	-1.37	11.49	6.80
Trailing 3 Year Dec 31, 2016 - Dec 31, 2019	1.76	9.40	1.41	11.28	3.28
Since Inception Apr 21, 2015 - Dec 31, 2019	-2.00	6.74	0.88	11.92	-2.17

The report does not include the non-performance accounts () Non-performance accounts are accounts that Envestnet does not report performance on.

14. Non Performance Assets

A default disclosure is displayed when Envestnet does not report performance for one or more accounts in the group.

Activity and Performance Summary – Account part of a MAM group

For QPR | APM - MAM Account Data as of March 31, 2016 356

Activity and Performance Summary
 Advisor Traded Management Group Account | *****7628

Account Summary

Performance Total Value	\$ 32,096.58
Accrued Income	114.45
Net Investment¹	\$ 49,626.09
Inception Date	Mar 31, 2015

Advisory Fees

This Quarter	\$ -4,646.41
This Year	\$ -4,646.41

Account Activity²

	This Quarter	Year-to-Date	Since Inception
Beginning Value	\$ 33,465.31	\$ 33,465.31	\$ 47,026.37
Net Contribs/Withdrawls	0.00	0.00	2,599.72
Capital Appreciation	3,113.67	3,113.67	124.41
Income Received	164.01	164.01	1,013.94

Activity and Performance Summary Footnotes

¹ Net investment is the total value of contributions and withdrawals (excluding unsupervised assets) made by the client since the inception date of the account. This includes Misc. Expenses received from the custodian.

² "Beginning Value": the account's value at the beginning of each period; "Contributions": the value of deposits from the client into the account for each period; "Withdrawals": withdrawals from the account for each period; "Capital Appreciation": all realized and unrealized changes in market value during the period; "Income": the amount of dividends received from stocks or mutual funds, and the amount of interest received, for each period.

custom_disclosure_new_qpr_footer: Disclosure text or item that appears on the bottom of each page of the New Quarter Performance Report PDF. All language must be approved by legal/compliance. System limits the display of disclosures up to two lines and text entered beyond the limit would be truncated while printing.

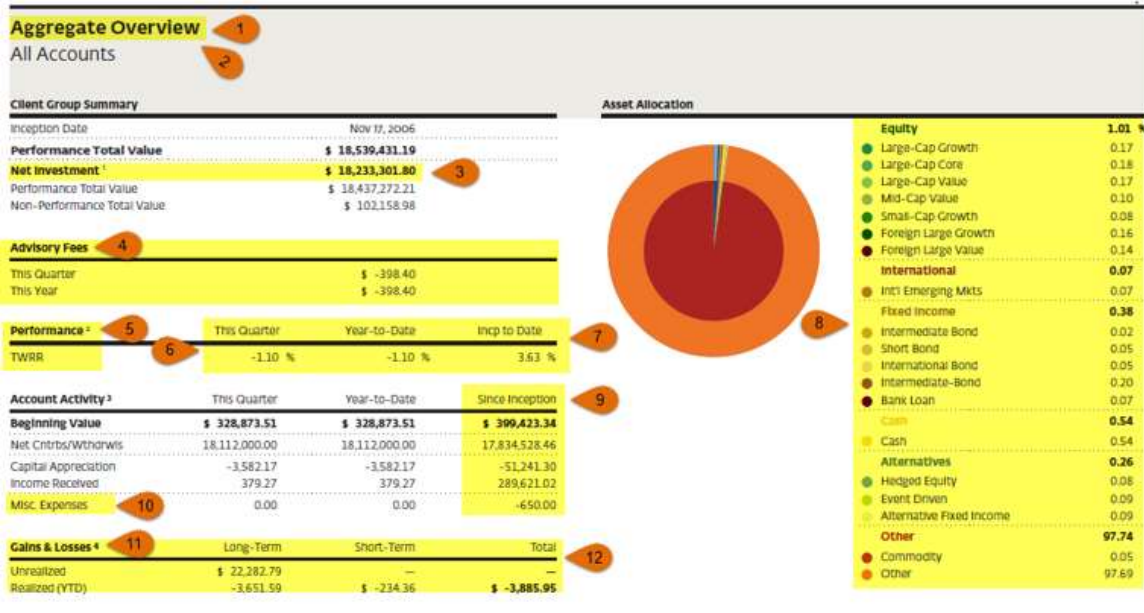

The Standard report elements in the [Activity and Performance Summary](#) vary for an Account belonging to a MAM Group. Refer to the link provided to know the customizable option for the included elements.

The Performance Summary Graph, Quarterly Performance Statistics and Period Performance Statistics will be suppressed for an Account that belong to a MAM Group. The roll up of all these accounts will be available at the group level. It should be noted that if the client group has accounts that belong to a MAM group, the only option to show the Portfolio Performance is through the Group level reports. The MAM group should be [enabled for performance reporting](#). If not, this report may not add much of a value to the investors.

Note: All 401(K) plan account's reports, which shows the contribution values will display the Employer and Employee contribution breakdowns and withdrawals separately.

Note: The Total Value in the Account Summary section of the Activity and Performance Summary report now displays the "Performance Total Value" in cases where the client also have non-performance accounts. The total value displayed is for performance accounts alone.

Data reported in USD as of May 15, 2016 5

Aggregate Overview

All Accounts

Aggregate Overview Footnotes

- ¹ Time Weighted Rate of Return (TWRR) is calculated net of all fees. Time Weighted Rate of Return (TWRR) is used to compare your portfolio returns versus benchmark indices (such as S&P 500).
- ² A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or managed accounts listed. Any benchmark whose return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio returns presented. Yearly performance values (e.g. Trailing 3 Years) shown are from the specified period up to Apr 30, 2016.
- ³ Trailing 1 Year is Apr 30, 2015 to Apr 30, 2016.
- ⁴ Benchmark designates 30% S&P 500 TR, 16% MSCI EAFE Index (CAD), 8% Bloomberg Barclays Capital Intermediate U.S. Government/Credit TR, 2% MSCI Emerging Markets Index (CAD), 6% BofAML High Yield Mastered Constrained TR, 6% Russell 1000 Value TR, 5% Russell 1000 Growth TR, 5% Bloomberg Barclays Capital 2-3 Year Govt TR, 4% FTSE TMX CANADA BOND UNL, 3% Russell 2000 Growth TR, 3% Russell 2000 Value TR, 3% FTSE NAREIT All Equity Reits, 2% Citigroup Treasury Bill - 3 Month. A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or managed accounts listed. Any benchmark whose return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio returns presented.
- ⁵ Benchmark designates 55% S&P 500 TR, 10% MSCI EAFE Index (CAD), 10% Russell 1000 Value TR, 5% Russell 2000 Growth TR, 5% BofAML High Yield Mastered Constrained TR, 5% MSCI Emerging Markets Index (CAD), 4% Russell 1000 Growth TR, 3% FTSE NAREIT All Equity Reits, 3% Citigroup Treasury Bill - 3 Month. A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or managed accounts listed. Any benchmark whose return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio returns presented.
- ⁶ These figures compare the Time Weighted Rate of Return (TWRR) of your account with a benchmark index. Target of 0.00% refers to the Target (CAD) index. A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or managed accounts listed. Any benchmark whose return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio returns presented.
- ⁷ Benchmark designates Target (CAD). A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or managed accounts listed. Any benchmark whose return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio returns presented.
- ⁸ Returns for greater than one year are annualized.

The *Enhanced Overview* option when selected will show Overview, Asset Allocation, Target/Drift report, Account / Benchmark, Growth of \$10k vs. Benchmark, Portfolio value vs. Benchmark, Period Performance, Up vs. Down Quarter capture and Risk vs. Return. Sample of other options will be shown after the customization options / explanation on Enhanced Overview option.

Aggregate Overview Footnotes							
¹ TWRR - C is calculated net of all fees. Time Weighted Rate of Return (TWRR) is used to compare your portfolio returns versus benchmark indices (such as S&P 500). This report has been generated on the QPR Platform Name platform powered by Everest Asset Management, Inc. (the "Platform Manager"). If your report contains data from periods prior to the time your account was set up on the platform, that data was supplied by third-party sources and has not been independently verified by Platform Manager.							
² "Beginning Value": the account's value at the beginning of each period; "Contributions": the value of deposits from the client into the account for each period; "Withdrawals": withdrawals from the account for each period; "Capital Appreciation": all realized and unrealized changes in market value during the period; "Income": the amount of dividends received from stocks or mutual funds, and the amount of interest received, for each period; "Misc Expenses": the amount of non-trade related fees charged by the custodian (wire fee, overnight fee, ATM Fee, ACH Fee, etc.) for each period. "12B-1 Rebates": the portion of the 12B-1 fees refunded to the client.							
³ A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or managed accounts listed. Any benchmark whose return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio returns presented. Yearly performance values (e.g. Last 3 Years) shown are from the specified period up to Mar 31, 2016. The benchmark(s) for the account(s) *****6100, *****7509, *****7509 are customized benchmarks that segments specific blended benchmarks into different time periods (as noted herein) to reflect the corresponding changes in your portfolio's investment strategy over time. The intent of these segmented benchmarks is to seek to provide a more accurate comparison to which returns can be evaluated effectively. This report has been generated on the QPR Platform Name platform powered by Everest Asset Management, Inc. (the "Platform Manager"). If your report contains data from periods prior to the time your account was set up on the platform, that data was supplied by third-party sources and has not been independently verified by Platform Manager.							
⁴ This is a group of accounts managed as a single portfolio.							
⁵ These figures compare the Time Weighted Rate of Return (TWRR) of your account with a selection of benchmark indices. "Blend" refers to a blend composed of 46% Barclays Capital U.S. Aggregate Bond Index, 17% Russell 1000 Growth 17% Russell 1000 Value, 12% Russell 2000, 8% MSCI EAFE (9/30/2010 - 12/31/2010), 54% Barclays Capital Intermediate U.S. Government/Credit Index, 33% Russell 3000, 13% MSCI EAFE (1/1/2011 to date). "MMkt" refers to the Lipper Money Market Fund index. "SP500" refers to the S&P 500 TR index. "Bond" refers to the Barclays Capital Intermediate U.S. Government/Credit Index. "Blend" is a customized benchmark that segments specific blended benchmarks into different time periods (as noted herein) to reflect the corresponding changes in your portfolio's investment strategy over time. The intent of these segmented benchmarks is to seek to provide a more accurate comparison to which returns can be evaluated effectively. A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or managed accounts listed. Any benchmark whose return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio returns presented.

The *Standard Overview* option when selected will show Account Values, Performance Period and Asset Allocation.

Account Overview – Enhanced Overview

1. Include Account Overview report - Enhanced Overview

Choose to show the Account Overview Report.

Controlled by: SRT

Configuration: Sponsors, advisors, and ENV team

Available level:

- Account Reports

2. Account Overview version

Choose to show the version of the report.

Controlled by: RT Settings; *QPR Account Overview Reporting*

Configuration: Sponsors, advisors, and ENV team

Available Options:

- Advanced Overview
- Enhanced Overview
- Standard Overview

Default: Advanced Overview

Choose to show the Account Overview report in the beginning or towards the end of the statement.

3. Hide Net Investment

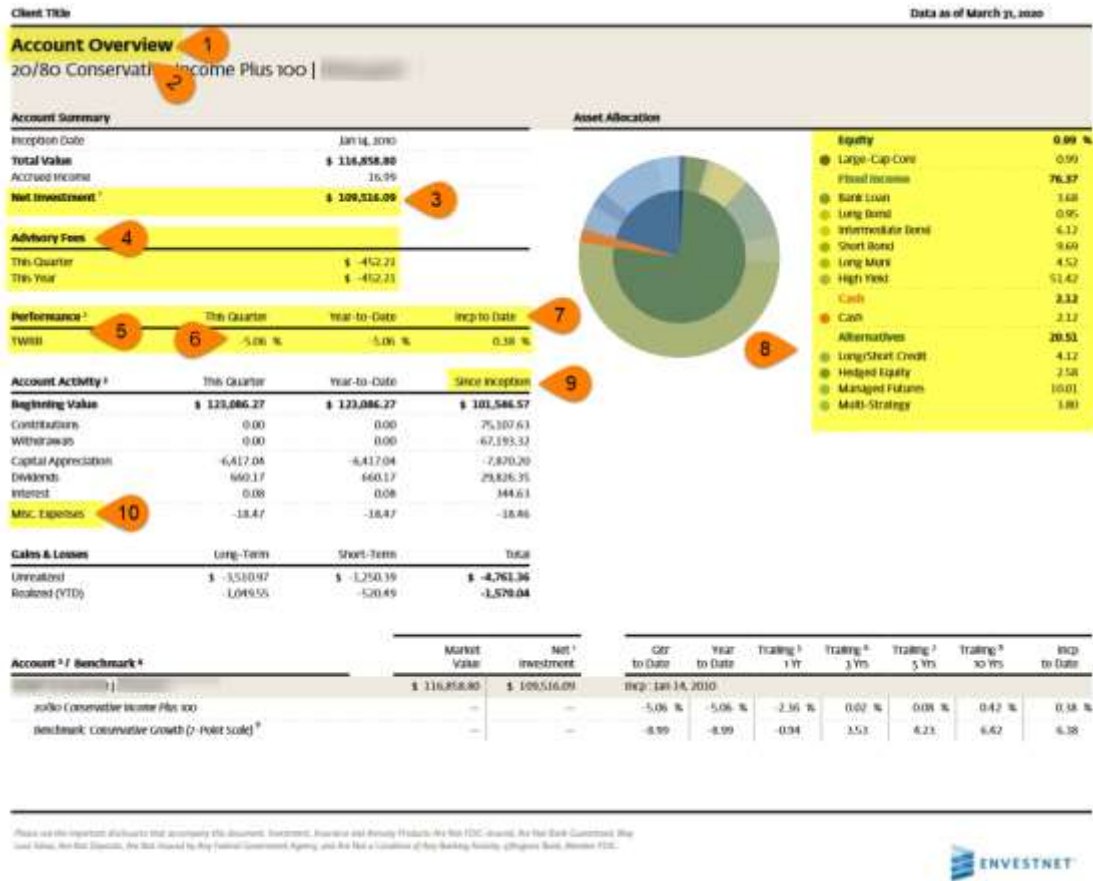

Choose to show or hide the Net Investment

Controlled by: RT Settings; *Hide Net Investment*

Configuration: Sponsors, advisors, and ENV team

Default: No

Account Overview – Enhanced Overview

The *Enhanced Overview* option when selected will show Overview, Asset Allocation, Target/Drift report, Account / Benchmark, Growth of \$10k vs. Benchmark, Portfolio value vs. Benchmark Period Performance, Up vs. Down Quarter capture and Risk vs. Return. Sample of other options will be shown after the customization options / explanation on Enhanced Overview option

4. Advisory Fee Options

Choose to show or hide Advisory Fees
 Controlled by: RT Settings; *Advisory Fee Options*

Configuration: Sponsors, advisors, and ENV team
 Available options:

- Don't show any advisory fees
- Show QTD and YTD fees only
- Show QTD fees only
- Show advisory fees for all periods

Default: Show Advisory Fees for All Periods

5. Report Element Names

Customizable report label. Compliance approval prior to enabling

Controlled by: BV; *Report Element Names*

Configuration: ENV team

Available options: (for this field)

- TWRR (Max Characters 15)
- IRR (Max Characters 7)

Default: TWRR and IRR

6. Show gains in Green and Losses in Red

Choose to show the positive returns in Green and Negative returns in Red.

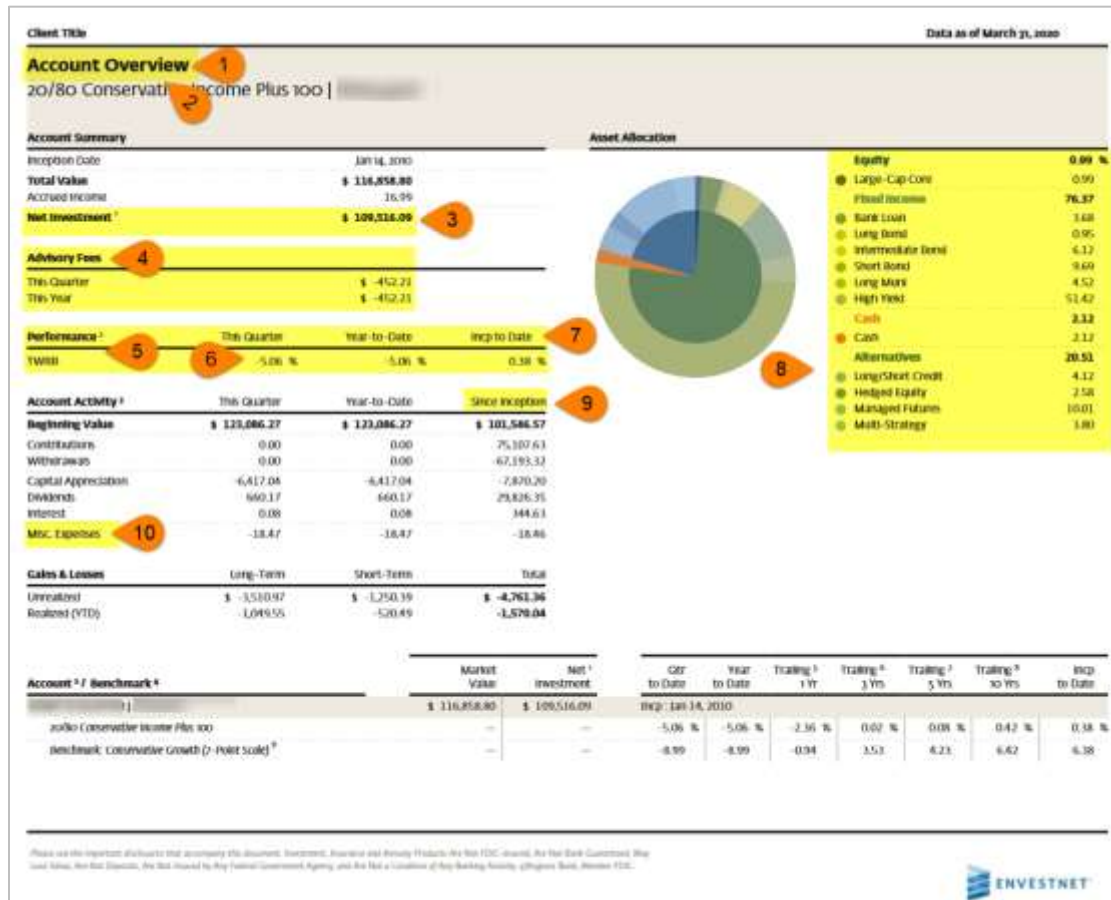

Controlled by: BV; *Show Gain Loss Red Green*

Configuration: ENV team

Level: Branch

Default: No

Account Overview – Enhanced Overview

The *Enhanced Overview* option when selected will show Overview, Asset Allocation, Target/Drift report, Account/Benchmark, Growth of \$10k vs. Benchmark, Portfolio value vs. Benchmark, Period Performance, Up vs. Down Quarter capture, and Risk vs. Return. Sample of other options will be shown after the customization options / explanation on Enhanced Overview option.

7. Show NOF performance in reports

Choose to show NOF or GOF Performance in the reports.

Controlled by: RT Settings; *Show Nof Perf in reports*

Configuration: Sponsors, advisors, and ENV team

Available options:

- Gross of all fees
- Net of all fees

Default: Net of all fees

Note: When the *TWRR Custom Disclosure* is set, then the disclosure based on *Nof Perf in Reports* is not displayed.

8. Asset Allocation Display Options

Choose the level of display to show on the asset allocation chart.

Controlled by: RT Settings; *Asset Allocation Display Options*

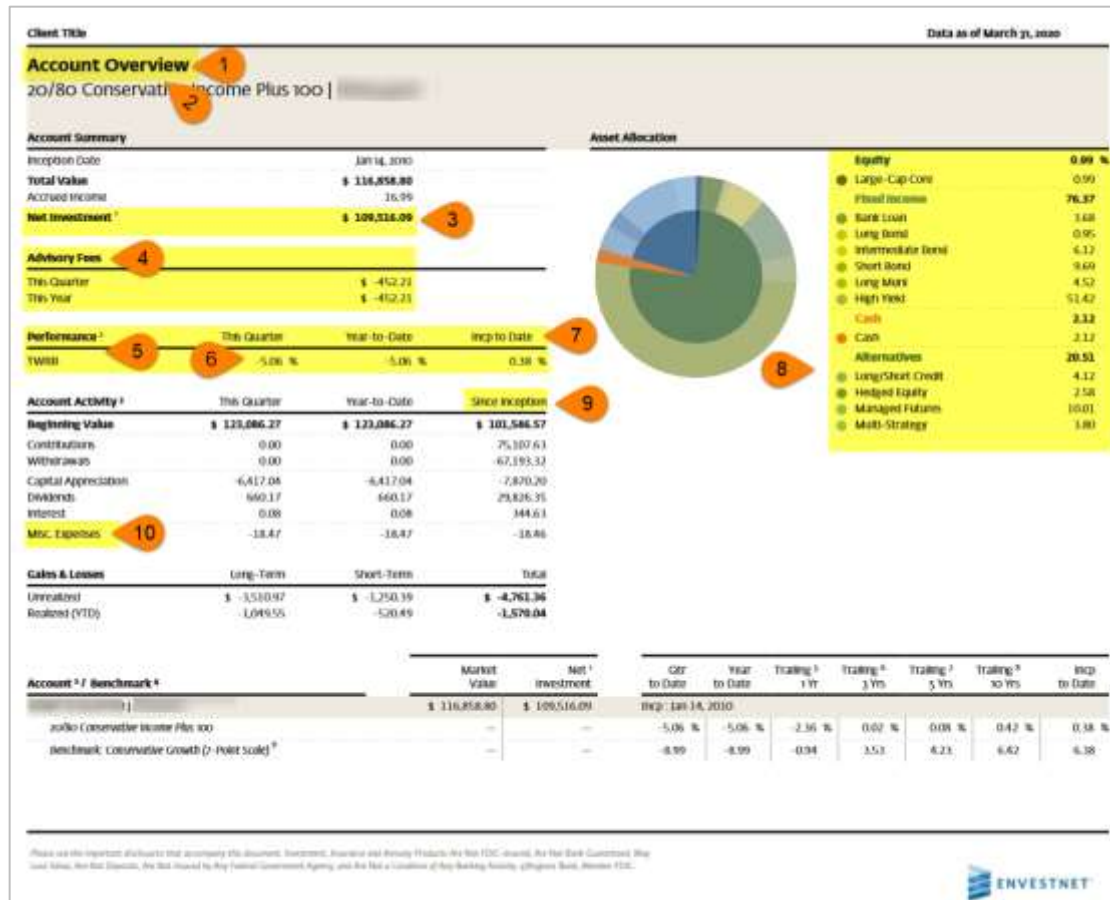

Configuration: Sponsors, advisors, and ENV team

Available options:

- Both Parent and base style displayed
- Parent Style only displayed
- Base Style only displayed

Default: Both Parent and base style displayed

Account Overview – Enhanced Overview

9. Show Since Inception data

Choose to show or hide inception to date data in Account Activity section
Controlled by: RT Settings; *Show since Inception*
Configuration: Sponsors, advisors, and ENV team
Advisor default: No
ENV team / Sponsor default: Yes

10. Show Expenses

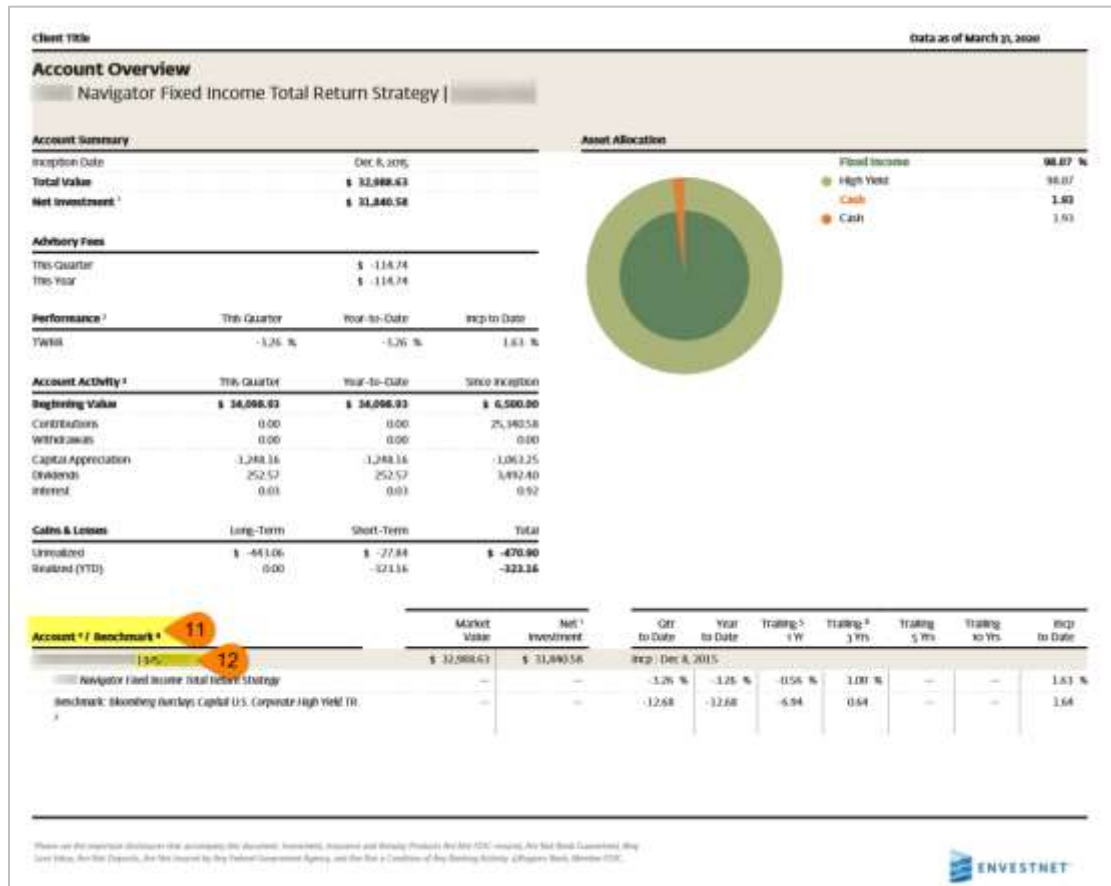

Choose to show or hide Expenses and 12B-1 Rebate
Controlled by: RT Settings; *Show Expenses*
Configuration: Sponsors, advisors, and ENV team
Advisor default: No
ENV team / Sponsor default: Yes

Note: All 401(K) plan account's reports, which shows the contribution values will display the Employer and Employee contribution breakdowns and withdrawals separately.

Note on point 5:

- If the "Since Inception" (10) is not selected and the Advisory fees selection is "Show QTD and YTD fees only" fee section will reflect next to 12B-1 Rebate as one more line item.
- If the "Since Inception" (10) is selected and the Advisory fees selection is "Show advisory fees for all periods" fee section will reflect next to 12B-1 Rebate as one more line item.
- If the "Since Inception" (10) is selected, the Advisory fees selection is "Show QTD and YTD fees only" or "Show QTD fees only", fee section will reflect below Client Group Summary (as shown in screenshot)

Account Overview – Enhanced Overview

The *Enhanced Overview* option when selected will show Overview, Asset Allocation, Target/Drift report, Account / Benchmark, Growth of \$10k vs. Benchmark, Portfolio value vs. Benchmark Period Performance, Up vs. Down Quarter capture and Risk vs. Return. Sample of other options will be

11. Show Benchmark

Choose to show or hide Benchmark in Performance reports.

Controlled by: RT Settings; *Show Benchmark Configuration:* Sponsors, advisors, and ENV team

Default: Yes

12. Mask account numbers

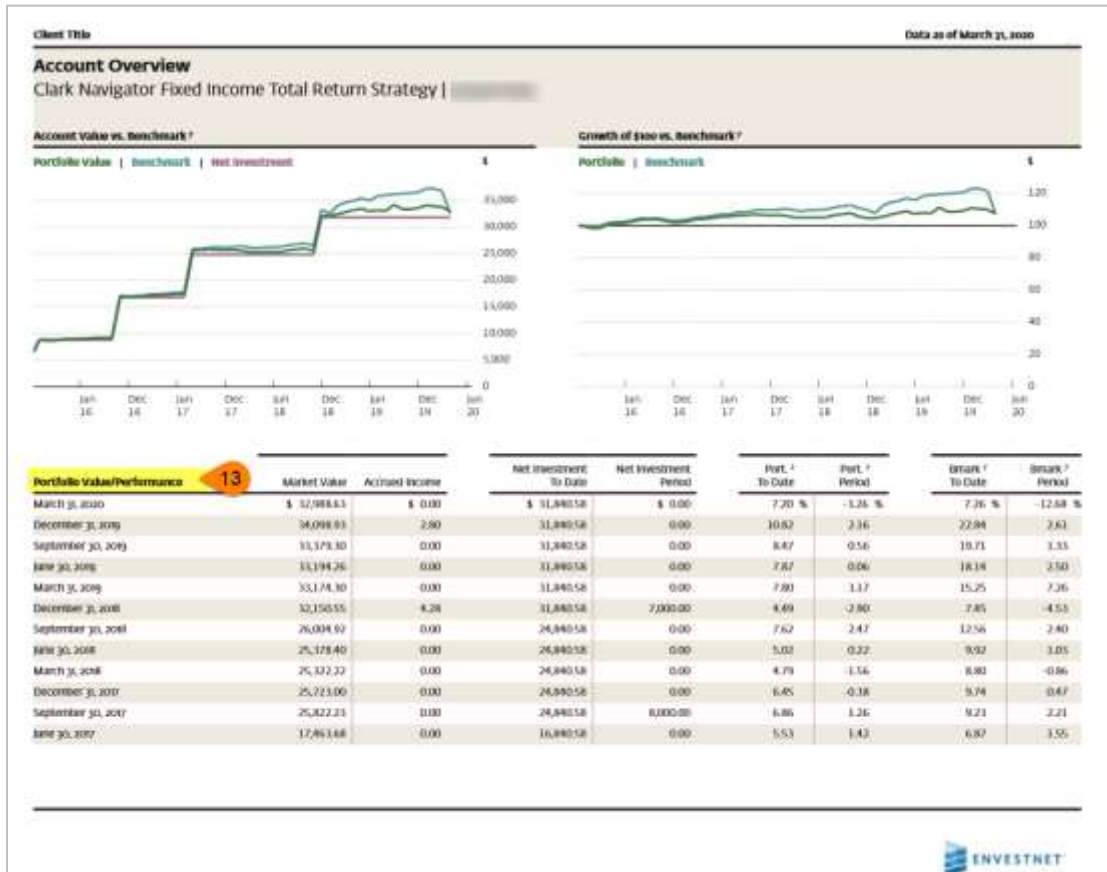

Opt to mask custodian account number in the printed version of the QPR. When masking is enabled, all except the last 4 characters in the account number are replaced with asterisk (*). Options include:

- Do not mask the Custodian Account Number
- Mask Custodian Account Numbers in all the printed version of reports including QPR and Client Statement PDFs
- Mask Custodian Account Numbers only in the QPR document (PDF) and Client Statement PDFs

Controlled by: BV; *Account Number Mask Configuration:* ENV team

Default: Do not mask the Custodian Account Number

Account Overview – Enhanced Overview

13. Aggregate Overview Period

Choose to display the Period that should be used in the Portfolio/Performance section.
Controlled by: RT Settings; *QPR Aggregate Overview Period*

Configuration: Sponsors, advisors, and ENV team

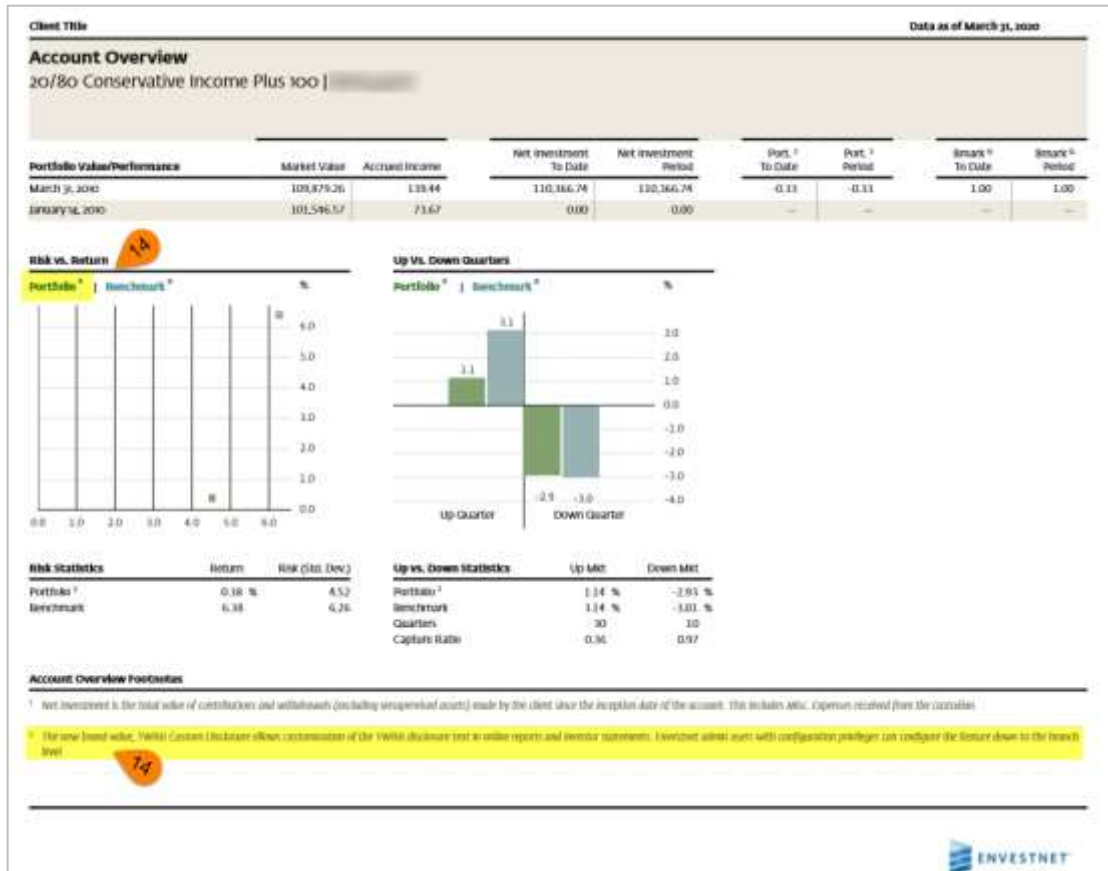

Available options:

- Calendar Year - Show Annual Periods
- Growing Periods - Show prior 2 Years as Quarterly then Annual
- Monthly - Show Monthly Periods
- None - Do not include performance periods in Aggregate Overview
- Quarterly - Show quarterly periods

Default: Quarterly

Note: Though there are no constraints with this report, it is advisable that clients with longer history should use a reporting template with larger period. This functionality is available only with Enhanced Overview option of the Aggregate report.

Account Overview – Enhanced Overview

14. Show NOF performance in reports

Choose to show Net of Fee (NOF) or Gross of Fee (GOF) in the account performance.

Controlled by: BV; Show *Nof Perf in Reports*

Available options:

- Gross of all fees
- Net of all fees

Configuration: ENV team, sponsors

Level: Branch

Default: Net of all fees

Note: When the brand value *TWRR Custom Disclosure* is configured, the disclosure based on *Nof Perf in Reports* is not displayed.

The *Enhanced Overview* option when selected will show Overview, Asset Allocation, Target/Drift report, Account / Benchmark, Growth of \$10k vs. Benchmark, Portfolio value vs. Benchmark, Period Performance, Up vs. Down Quarter capture and Risk vs. Return. Sample of other options will be shown after the Customization options / explanation on Enhanced Overview option.

Account Overview – Advanced Overview

1. Include Account Overview report - Advanced

Choose to show the Account Overview Report.

Controlled by: SRT

Configuration: Sponsors, advisors, and ENV team

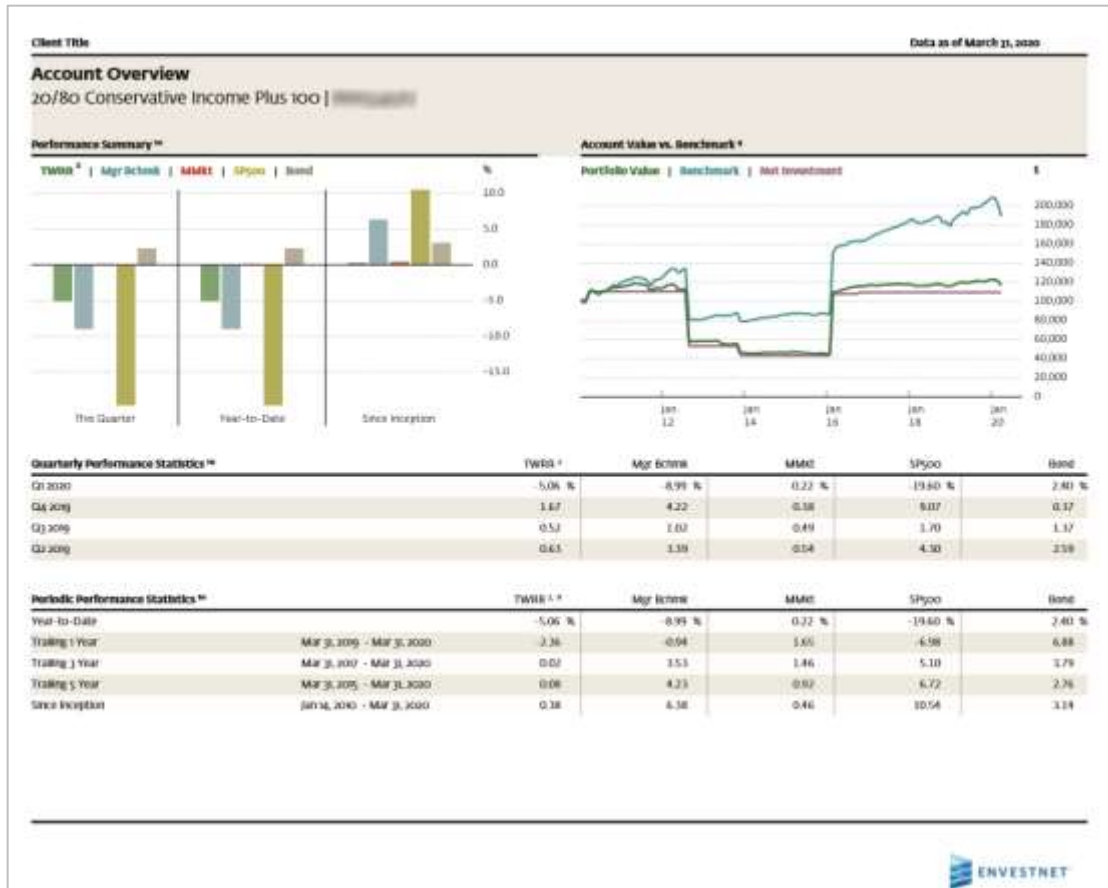

Available level:

- Account

Advanced Overview shows the following sections Overview, Asset Allocation, Account/Benchmark, Portfolio value vs. Benchmark, Performance Summary and a Performance Period.

Note: For Customizations (Non Available fields) in this report, refer to the Enhanced Overview section.

Account Overview – Advanced Overview

Note: For Customizations (Non Available fields) in this report refer to Enhanced Overview section.

The Advanced Overview report shows the Overview, Asset Allocation, Account/Benchmark, Portfolio value vs. Benchmark, Performance Summary and a Performance Period.

20/80 Conservative Income Plus 100	Feb 16, 2016 - Mar 31, 2020	1.24	5.57	1.11	10.03	1.69
Account Overview Footnotes						
* Asset Investment is the total value of contributions and withdrawals (excluding unapportioned assets) made by the client since the inception date of the account. This includes 401k, 403(b) or other employer sponsored plans from the client.						
** The raw fund value, TWTR returns disclosure shows customization of the TWTR disclosure that is online reports and investor statements. Investment advisor clients with configuration privileges can configure the return shown to the branch level.						
*** "Beginning value" the account's value at the beginning of each period; "Contributions" the value of deposits from the client into the account for each period; "Withdrawals" withdrawals from the account for each period; "Capital Appreciation" all realized and unrealized changes in market value during the period; "Dividends" the amount of dividends received from stocks or mutual funds for each period; "Interest" the amount of interest received for each period; "Misc Expenses" the amount of non-trade related fees charged by the custodian (like the overnight fee, AIM fee, ACA fee, etc.) for each period.						
**** A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or managed accounts. In fact, any benchmark return is chosen for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio return presented. Monthly performance values (e.g. Trailing 3 Year) shown are from the specified period up to Mar 31, 2020.						
***** Trailing 1 Year to Mar 31, 2019 to Mar 31, 2020						
***** Trailing 3 Year to Mar 31, 2017 to Mar 31, 2020, annualized						
***** Trailing 5 Year to Mar 31, 2015 to Mar 31, 2020, annualized						
***** Trailing 10 Year to Mar 31, 2010 to Mar 31, 2020, annualized

Since Inception	Jan 14, 2000 - Mar 31, 2020	0.38	6.38	0.46	10.54	3.54
Account Overview Footnotes						
¹ "Beginning Value" the account's value at the beginning of each period; "Transactions" the value of deposits from the client into the account for each period; "Withdrawals" withdrawals from the account for each period; "Capital Appreciation" all realized and unrealized changes in market value during the period; "Dividends" the amount of dividends received from stocks or mutual funds for each period; "Interest" the amount of interest received for each period; "Misc Expenses" the amount of non-trade related fees charged by the custodian (like the overnight fee, A/CI fee, etc.) for each period.						
² Net Investment is the total value of contributions and withdrawals (including unperformed assets) made by the client since the inception date of the account. This includes Misc. Expenses received from the custodian.						
³ These figures compare the three-month TWR of return (TWR03) of your account with a selection of benchmark indices. "Mgr Index" refers to a blend composed of 54% Bloomberg Barclays Capital Intermediate U.S. Government Bond TR, 10% Russell 2000 TR, 10% AMCI EAFE GR (EAFE0001 - 03/03/2011), a blend composed of 35% S&P 500 TR, 35% Bloomberg Barclays Capital U.S. Aggregate Bond TR (AGG00001 - 03/03/2011), a blend composed of 50% Bloomberg Barclays Capital U.S. Aggregate Bond TR, 50% S&P 500 TR (SP50001 - 03/03/2011), a blend composed of 54% Bloomberg Barclays Capital Intermediate U.S. Government Bond TR, 10% Russell 2000 TR, 10% AMCI EAFE GR (EAFE0001 - 03/03/2011), "MMET" refers to the Upper Meridian Market Index, "SP500" refers to the S&P 500 TR Index, "Bond" refers to the Bloomberg Barclays Capital Intermediate U.S. Government Bond TR Index. A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investment(s) and/or managed accounts held. Any benchmark where return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investment account to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio return presented. Default benchmarks are defaulted to rebalance monthly which means that investment will occur upon the benchmark component, states on a monthly basis using the beginning of the month weights. A daily rebalance option is also offered however they may not be available in all cases due to data limitations from providers.						
⁴ The new bond value, TW00 Custom Disclosure allows customization of the TW00 disclosure text in online reports and investor statements. Investor admin users with configuration privileges can configure the feature down to the branch level.						
⁵ Returns for periods greater than one year are annualized.						
						

Note: For Customizations (Non Available fields) in this report refer to Enhanced Overview section.

Management Fees Footnotes

¹ Billable Value is the average daily value over the specified period on the closing market prices for each day of the period for all billable assets as agreed upon in the client agreement.

² Percent to be billed is calculated based on the fee schedule(s) associated with this billing group. The percentage presented is an average spread across all accounts, at all relevant break points, for this billing group. If you have detailed questions about how your bill was calculated, please contact your advisor.

Flow of Funds Footnotes

¹ TWRR - C is calculated net of all fees. Time Weighted Rate of Return (TWRR) is used to compare your portfolio returns versus benchmark indices (such as S&P 500). This report has been generated as the GPR Portfolio Name portfolio powered by Investment Asset Management, Inc. (the "Platform Manager"). If your report contains data from periods prior to the GPR live account was set up on the platform, that data was supplied by third party sources and has not been independently verified by Platform Manager.

² The Benchmark is composed of 45% Barclays Capital U.S. Aggregate Bond Index, 15% Russell 2000 Growth, 15% Russell 2000 Value, 15% Russell 2000, SP 500 ESG (excludes -) (excludes -) (excludes -) 15% Barclays Capital Intermediate III Government/Credit Index, 15% Russell 2000, 15% MSCI EAFE (excludes ex date). Benchmark is a customized benchmark that aggregates specific financial benchmarks into different time periods (as noted herein) to reflect the corresponding changes in your portfolio's investment strategy over time. The intent of these aggregated benchmarks is to assist in providing a more accurate comparison to which returns can be evaluated effectively. A benchmark is an average index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or average accounts listed. Any benchmark whose return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index.

³ Returns for greater than one year are annualized.

10. Include expense ratios

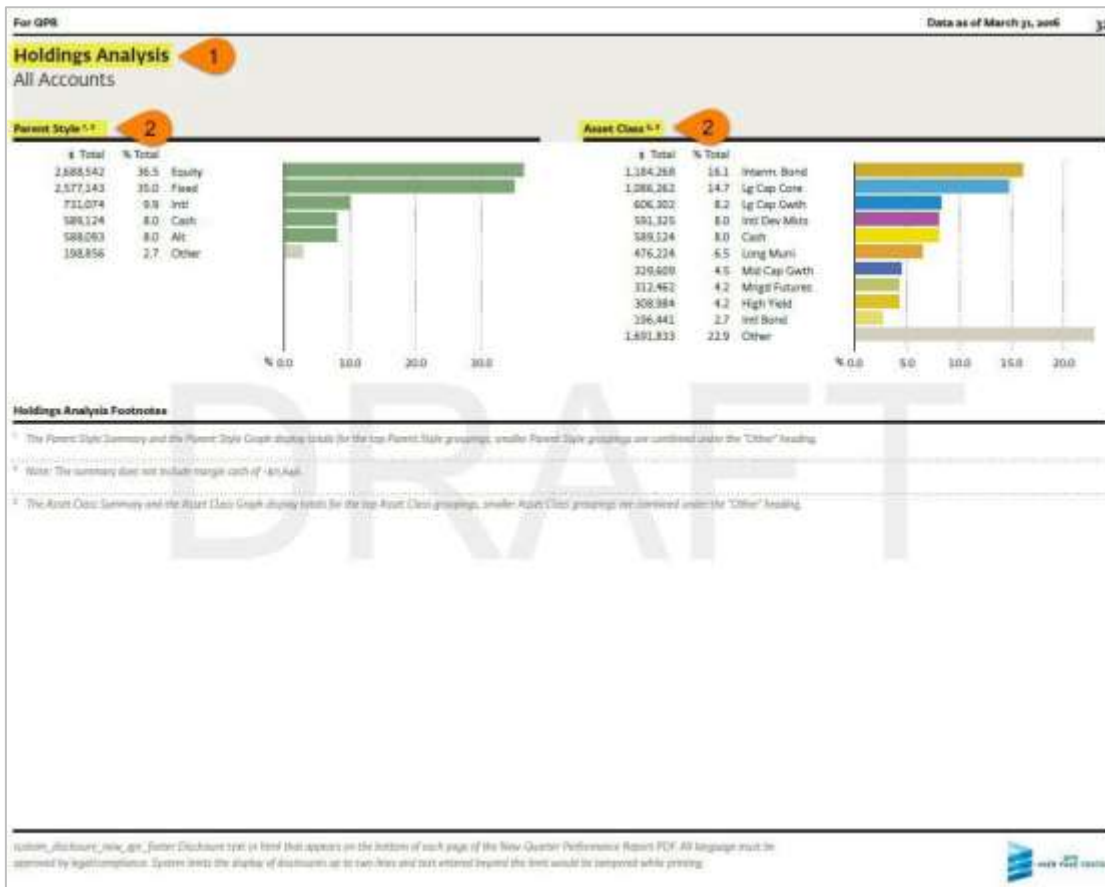

Choose to include Net Expense Ratio and Gross Expense Ratio columns.

Controlled by: SRT Customize
Configuration: Sponsors, advisors, and ENV team

Note:

- The Weighted Average Net Expense Ratio is added at the account level to the Holdings Summary section of the Holdings report in the investor statements and Quarterly Performance Reports (QPRs). This data point is available for FSPs and accounts with managed models containing MFs and ETFs.
- The Weighted Average Net Expense Ratio of the models is displayed as NA when there are no actual positions. In such cases, the following conditional disclosure is displayed “The Model Weighted Average Net Expense ratio will only be shown if the model contains positions of mutual funds and/or ETFs, and expense ratios are available for all used in the model.”

Holding Analysis

1. Show Holdings Analysis

Choose to show the Holdings Analysis Report.

Controlled by: SRT

Glossary

For QPR Date as of March 31, 2016 463

Glossary 

Rollup of All Accounts

Term	Description
Accrued	Amount incurred in a current accounting period but received or expensed in a subsequent period.
Asset Allocation	Describes how an investment portfolio is divided between investments such as stocks, bonds and money market securities.
Asset Style	Asset style generally describes a specific group of assets or investments. <ul style="list-style-type: none"> All Cap A stock mutual fund that invests in equity securities without regard to whether a company is characterized as having a small, medium or large market capitalization. Alternative An investment that is not one of the three traditional asset types (stocks, bonds and cash) and generally has low correlations to stocks and bonds. Alternative investments include hedge funds, managed futures, market neutral/long-short funds and derivatives contracts. Alternative Fixed Income Seeks to exploit inefficiencies in the fixed income markets. Strategies can exclude long/short credit, long/short duration, long/short interest rates and other uncorrelated fixed income strategies (credit strips, non-traditional bonds). Portfolios will tend to have fixed income market betas in the range of -0.2 to 0.5 compared to the BarCap Aggregate Bond Index. Balanced A portfolio allocation and management method aimed at balancing risk and return. Such portfolios are generally divided roughly equally between equities and fixed-income securities. Bank Loan Bank loan portfolios primarily invest in floating-rate bank loans. In exchange for their credit risk, these loans offer high interest payments that typically float above a short-term debt instrument. Bear Market Portfolio investment that seeks to exploit a view of securities or markets that are overvalued by having a relative high net short beta to equity market betas, or implement a tactical view to potentially profit from a declining equity market. Portfolios will tend to have equity market betas in the range of -0.4 to -1.5 to the S&P 500. Cash Cash can be cash in the bank, certificates of deposit, currency, money market holdings, fixed-income securities that mature in less than 12 months, commercial paper and repurchase agreements. Commodity A generic term for any item or product that can be traded by investors on a market. More specifically, it refers to natural materials and their derived products such as metals, agricultural products and energy products.

custom_disclosure_new_qpr_footer | Disclosure text or href that appears on the bottom of each page of the New Quarter Performance Report PDF. All language must be approved by legal/compliance. System limits the display of disclosures up to two lines and text extend beyond the line would be truncated while printing.

1. Include Glossary

Choose to include the Glossary towards the end of the statement.

Controlled by: BV; *Show Glossary*

Configuration: ENV team Level:

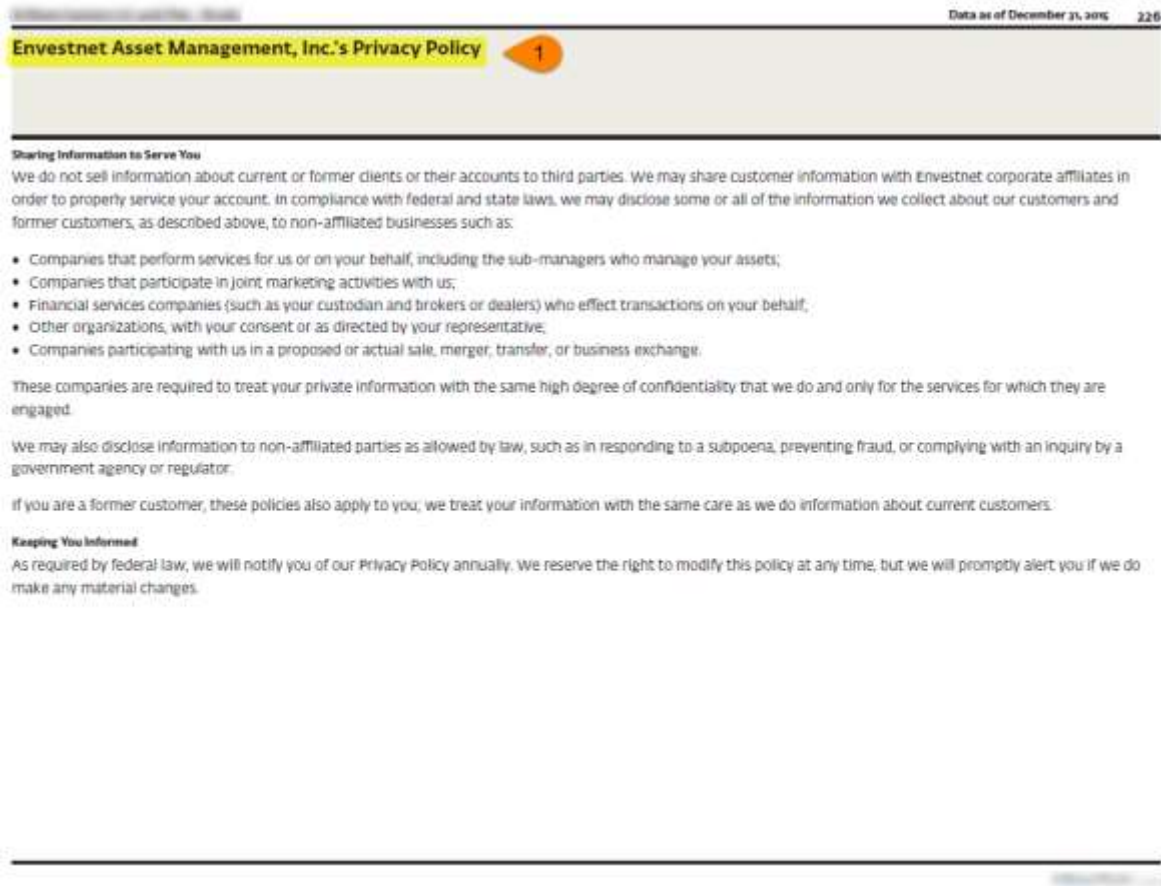

Branch

Default: No

Note: This BV has a multi-select option and have the ability to configure the Glossary for

- Analytics PDF
- Glossary PDF
- IPS
- Navigation Menu
- Online Report PDFs
- Product Profile
- QPR
- SIS

QPR Privacy Policy

1. Include QPR Privacy Policy

Choose to include the Privacy Policy in the last quarter of a year.

Controlled by: BV; *QPR Include Privacy Policy*

Configuration: Sponsors and ENV team

Level: Branch

Default: Yes

General Notes

1. **Disable Client Benchmarks at client level:** The platform has option to disable the client benchmark for new clients within the performance reports.

Controlled by: Sponsors and ENV team

Configuration: BV; *Disable Client Benchmark*

Level: Client

Default: No

2. **Override or hide group-level primary benchmark:**

Configuration: BV; *Allow Benchmark Override*

Controlled by: Sponsors and ENV team

Level: branch

Available options:

- Override Group Primary Benchmark
- Override All Secondary

Default: No

3. **Override account-level benchmark for different product types**

Configuration: BV; *Allow Primary Benchmark Override*

Controlled by: Sponsors and ENV team

Level: branch

Available options:

- Do not override
- Override at account
- Override at proposal
- Override at account and proposal

Default: Override at account

4. **Section Ordering Logic:** Ability to configure the order in which the various Report Groups appear in the Quarterly Performance Reports (QPR). The users with the privilege to edit a Report Template will now have the ability to change the order of Report Groups. In addition, the users can delete the Report Groups in the Properties tab of the Report Template page.

Controlled by: Advisors, Sponsors and ENV team

Configuration: N/A

Level: Client

Default: No

5. **Target allocation benchmark available within performance reporting:** Allows advisors to extend the benchmark configuration used within the Proposal to carry through into the performance reporting account level reports. The Benchmark configuration in the Proposal includes an option to build benchmarks by blending the sleeve manager product benchmarks based on the target allocation for APM and UMAv2 products. This helps to create a consistent benchmark behavior in the Proposal and Performance Reporting.

Controlled by: Sponsors and ENV team

Configuration: *Proposal Benchmark Options (Existing bv)*

Available Options: Risk: The benchmark is built based on the Risk Score

Product: The benchmark of the Product is used

From Underlying Holdings for Advisor Models only: The benchmark is built based on the underlying holdings for the product types of APM and UMAv2.

Level: Branch

Default: Risk

Along with this the existing brand value *Allow Account Benchmark Override* modifies with four options against each Product type:

Available Options

- Do Not Override
- Override at Account
- Override at Proposal
- Override at Account & Proposal

The default option is “Do Not Override” except for reporting only accounts for which the default option is “Override at Account.”

6. **Set Target Allocations for Reporting Groups by Parent Style or Base Style:** An option to use parent styles to create allocation targets at the reporting group level.

Controlled by: Sponsors and ENV team

Configuration: N/A

Level: Branch

Default: No

Navigation: *ENV2 Advisor / Enterprise / Admin Portals > Client details page > Add Reporting Group*

7. **The Performance Reports displays the market value for all the months regardless of performance hole:** The platform displays the original start date and Market Value for all the months regardless of performance hole in the extracts and the reports.

Controlled by: ENV team

Configuration: *Ignore Performance Hole*

Level: Firm

Available Options: Yes

No

Default: No

8. **QPR Show Summary Section:** The platform will now allow users to control the display of the Summary section within Statement Reports. This includes the reports – Holdings, Multi group holdings, Income detail, Security performance and Realized gains and losses report.

Controlled by: Sponsors, advisors, and ENV team

Configuration: *QPR Show Summary Section*

Level: Template

Available Options: Yes

No

Default: Yes

9. **Statement Template Assignment Control:** The platform will now provide a control to users who can assign the statement report template for the clients Quarterly Performance Reports (QPRs). The existing configuration, *Statement Report Template* is now controlled by the new configuration *Statement Template Assignment Control* to control the users who can assign QPR templates to the clients.

Controlled by: Sponsors, advisors, and ENV team

Configuration: *Statement Template Assignment Control*

Level: Advisor

Available Options: Advisor

Sponsor

10. **QPR Posted Notification Mail Subject:** The platform will now allow admin users to configure the e-mail subject and body content for QPR posted notification e-mail that are sent when QPRs are posted in Client Portal. The new configurations, QPR Posted Notification Mail Subject and QPR Posted Notification Mail Body controls the e-mail subject and body content.

Controlled by: ENV team

Configuration: *QPR Posted Notification Mail Subject*

Level: Advisor

Default: NO

11. **Display Vendor disclosure:** The platform will now display data vendor disclosures in Statement Performance reports where benchmarks are mentioned.

Controlled by: Sponsors, advisors, and ENV team

Configuration: N/A

Level: Advisor

Default: NO
