

BlackRock and Envestnet have partnered together to bring you technology that connects what you do for your clients to what it means to them. These sophisticated, yet quick-to-use tools make it easy for you to analyze and compare portfolios, identify potential areas of risk, anticipate potential tax impacts and estimate annual retirement income.

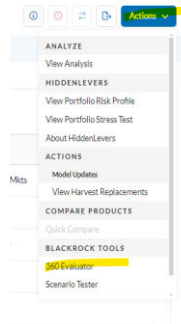

1. Access the BlackRock Advisor Center and iRetire Tools from your advisor homepage:

Launch Pad

2. How to export an existing APM model into the 360 Evaluator, Scenario Tester, and Tax Estimator:
 - a. Go to the positions tab within the model and select the tool you are wanting to utilize:

- b. Select the scenario
